

Assign Marks in Classroom (second method)

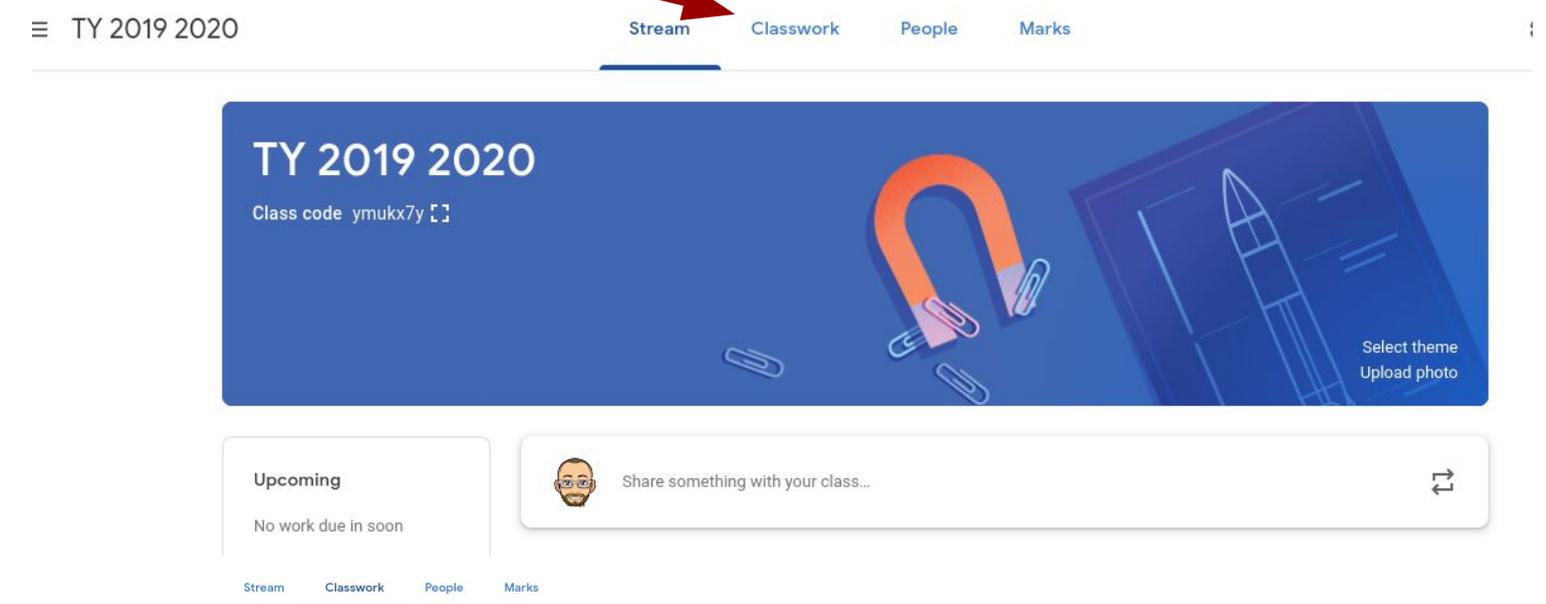

1. Open Classroom

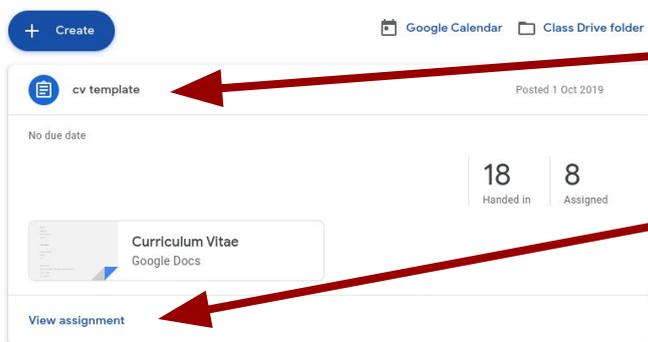

2. You will get your list of classes. Click on the class group you wish to assign marks to.

3. Once there click on the 'Classwork' tab at the top of the screen.

4. This brings you to a screen listing the different assignments that have been given. Click on the one you want, and it will expand downwards. Then click on 'View Assignment'

5. That will bring up a list of students in the group. You can click on the score beside each student's name and assign the mark you want.
