

Assign Marks in Classroom (first method)

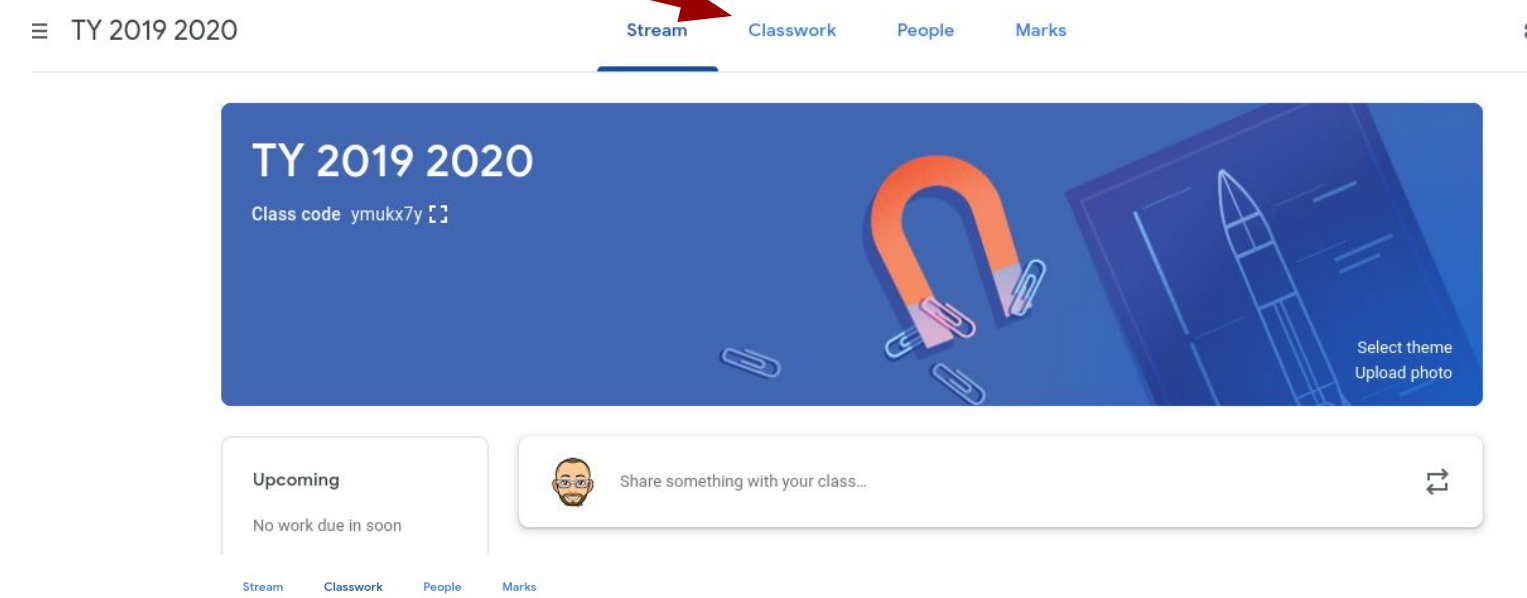

1. Open Classroom

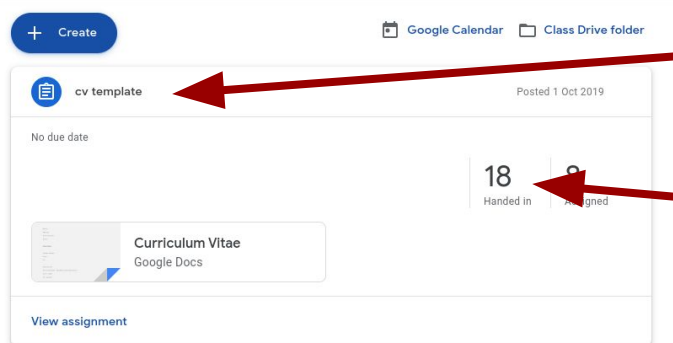

2. You will get your list of classes. Click on the class group you wish to assign marks to.

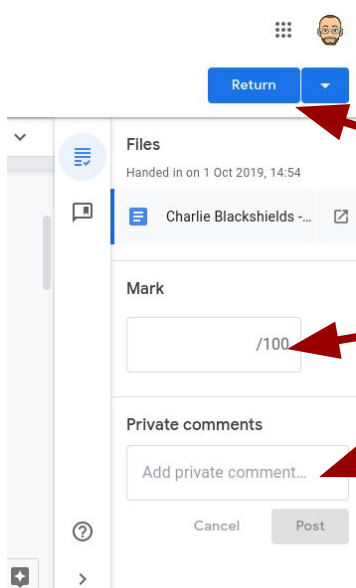

3. Once there click on the 'Classwork' tab at the top of the screen.

4. This brings you to a screen listing the different assignments that have been given. Click on the one you want, and it will expand downwards. Then click on 'Handed In'

5. This opens the student's work. You can now review the work and have a number of options. Return it with suggestions for edits Give a grade Add a private comment for feedback.

Work can be submitted and returned a number of times.
